COMMUNITY INPUT

Mr. Ryan asked what the sewer rate increase was for the sewer project as he is not understanding why a definite/confirmed rate is not available. Mr. Ryan stated the taxpayers should know. Ms. Barber stated the final sewer increase rate cannot be determined until the project is complete as the USRDA is the final component with the low-interest loan. The final interest rate will be determined when the project is done and the closing for the USRD Loan happens. The interest rate may be less but not higher than originally quoted. If the rate is less, then the sewer rate in turn will be lower.
